| * 20. Hematology | 45. Tropical Medicine |
| * 21. History; Biography; Bibliography | 46. Tuberculosis |
| * 22. Homeopathy; Osteopathy, etc. | 47. Urology |
| * 23. Hospitals | 48. Venereal Diseases; Sexology |
| * 24. Immunology; Serology | 49. Veterinary Medicine |
| * 25. Industrial Hygiene; Sociology | 50. Zoology |

THE ARMY MEDICAL LIBRARY

Washington, D. C.

"R016.61 C936

v.11 July-Dec. 1946 c.1

The CURRENT LIST OF MEDICAL LITERATURE is for sale by the Superintendent of Documents U. S. Government Printing Office, Washington 25, D.C. : \$3.00 per year (\$3.75 foreign) 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents at the above address.

Published weekly by the Army Medical Library 7th Street & Independence Ave., S. W., Washington 25, D.C., as an intraservice publication of the War Department. Lists with complete reference, all articles of medical interest contained in current journals received. Subject-index provided monthly. Exchange invited.

1. Anatomy; Histology

Anat.Rec., 1946, 94: (Apr.)

- NOBACK, C.R. Placentation and angiogenesis in the amnion of a baboon (*Papio papio*) 553-67.
- BARCROFT, J., & BARRON, D.H. Observations upon the form and relations of the maternal and fetal vessels in the placenta of the sheep. 569-95.
- SHANKLIN, W.M. The development and histology of pituitary concretions in man. 597-613
- PEARSON, O.P. Scent glands of the short-tailed shrew. 615-29.
- BECKS, H., SIMPSON, M.E. [et al.] Response to pituitary growth hormone and thyroxin of the tibias of hypophysectomized rats after long postoperative intervals. 631-55.
- SANDERS, J.M. Bilateral superior vena cavae 657-62.
- KDERSTROM, H.E., & DEBOER, B. Changes in the blood of the dog with age. 663-70.

4. Aviation Medicine

J.Aviat.M., 1946, 17: (Apr.)

- PINSON, E.A., & CHAPANIS, A. Visual factors in the design of military aircraft. 115-22.
- BARACH, A.L., ECKMAN, M. [et al.] The effect of ammonium chloride on altitude tolerance. 123-36.
- TAYLOR, C.L. Physical exertion in the heat: some notes on its physiology and hygiene. 137-45.
- FARNESTOCK, M.K. Thermocouples and the measurement of body temperatures in the laboratory and in flight. 146-52.
- HEMINGWAY, A. Selection of men for aeronautical training based on susceptibility to motion sickness. 153-63.
- RAHN, H., OTIS, A.B. [et al.] The effects of hypocapnia on performance. 164-72.
- RAHN, H., MOHNEY, J. [et al.] A method for the continuous analysis of alveolar air. 173-8.
- WOLFE, K.P. The high altitude training program for fighter pilots. 179-84.
- LEACH, J.E. Diseases and defects in aircrew trainees; gastro-intestinal system, genito-urinary system. 185-91.
- SULLIVAN, W.N. Recent advances in airplane spraying of DDT for insect control. 192-200.

6. Biology; Embryology

Biometr.Bull., 1946, 2: (Apr.)

- HAZEL, L.N. The covariance analysis of multiple classification tables with unequal subclass numbers. 21-5.
- COULLEN, C.H., & PAULL, A.E. Statistical methods in cereal chemistry. 28-30.
- WADLEY, F.M. Incomplete-block design adapted to paired tests of mosquito repellents. 30.

Fed.Proc., Balt., 1946, 5: No.1 pt.2 (Cont'd)

- TAYLOR, H.L., FISCHER, G. [et al.] Effect of experimental malaria on the electrophoretic

- pattern of the serum proteins of normal young men. 158.
- TAYLOR, J.F., GREEN, A.A., & CORI, G.T. Crystal line aldolase and its identity with myogen A. 159.
- TIDWELL, H.C., & TREADWELL, C.R. Relation of fasting ketosis to the protein of the preceding diet. 159.
- TWEEDY, W.R., CHILCOTE, M.E., & PATRAS, M.C. Distribution, retention, and excretion of radio phosphorus following thyroparathyroidectomy and the injection of parathyroid extract. 159
- VENNING, E.H., & BROWNE, J.S.L. Excretion of urinary corticoid hormones by man in health and disease. 159.
- WAKELGH, H., & PRESCOTT, B.A. Gumatic acid content of human blood serum. 159.
- WESTFALL, B.B., & MORRIS, H.P. Studies on the metabolism of 2-acetylaminofluorene in rats. 160.
- WRIGHT, L.D., & SKEGGS, H.R. Method for determining the affinity of avidin for analogs of biotin. 160.
- YOUNG, E.G., & RICE, F.A.H. 2-Keto-D-gluconic acid in the polysaccharide of Irish moss. 160
- ABREU, B.E., TUFTS, R.J., & COUTLENG, M.E. Central nervous system effects of anticholinergic agents. 161.
- ACHESON, G.H., & PEREIRA, S.A. Action of tetraethyl ammonium bromide on the mammalian neuromuscular system. 161.
- AHLQUIST, R.P., & WOODBURY, R.A. The influence of benzyl-imidazoline (prisco) on sympathomimetic vasoconstrictors and vasodilators. 161.
- ALIMARK, M.G., BACHINSKI, W.M., & MORRELL, C.A. The application of a graded type of response technique for the bio-assay of pituitary extract (posterior lobe). 162.
- AMERSON, A.M., & DEEDS, F. Pharmacological properties of citrinin. 162.
- ANDERSON, H.H., BOND, V.P., & ABREU, B.E. Pharmacologic properties of p-carbamidophenylarsenous oxide. 162.
- ANDERSON, R.C., & CHEN, K.K. The action of fumaric acid alkaloids. 163.
- BECKER, T.J., ANANENKO, E. [et al.] The antispasmodic activity of substituted phenyl propyl piperidines. 163.
- HELL, F.K., & CARR, C.J. The pharmacology of a new series of choline salts. 164.
- BERLINER, R.W. In vitro development of P. falciparum gametocytes. 164.
- BERLINER, R.W. The in vitro assay of suppressive antimalarial activity: P.falciparum 164.
- BERLINER, R.W., BIGELOW, F.S., & KENNEDY, T.J., Jr. Concentration technique for detection of trophozoites of human malaria. 165.
- BERLINER, R.W., TAGGART, J.V. [et al.] Pamaquin: curative antimalarial activity in vivax malaria. 165.
- BERLINER, R.W., TAGGART, J.V. [et al.] Cinchona alkaloids: appraisal of suppressive antimalarial activity. 165.
- BERNHEIM, F. The effect of methyl xanthines on urea excretion in rabbits. 166.
- BERNHEIMER, A.W., & CANTONI, G.L. Induction in mice of increased resistance to a lethal toxin of hemolytic streptococcus. 166.
- BARNES, T.C., & BEUTNER, R. Mechanism of action of calcium on the nervous system. 166
- BEUTNER, R. The cardiac toxicity of injectable local anesthetics. 166.
- BEUTNER, R., & DIETRICH, W.C. The blood pressure lowering effect of local anesthetics used for injection. 167.
- BEUTNER, R., & DIETRICH, W.C. The least irritant of the commonly used topical anesthetics 167.
- BLAKE, W.D., ZUBROD, C.G., & ROSENFELD, M. Methemalbuminemia during combined therapy with pamaquin and quinine. 167.
- ELISS, C.I., & BARTELS, B.L. The determination of the most efficient response for measuring drug potency. 167.

3
BRAUER, R.W., & ROOT, M.A. Liver injury and its influence upon the acetylcholine splitting activity of rat and dog. 168.
BRODIE, B.B., BAKER, J.E., & CRAIG, L.C. Cinchona alkaloids; metabolic products in human urine. 168.
BROOKS, C. Chemotherapy of tuberculosis; thymol in experimental tuberculosis in the guinea pig. 168.
BRYAN, W.R. Use of the latent period in studies on the agent of chicken tumor I. 169.
CANTONI, G.L., & EASTMAN, G. On the specificity of histamine and on the role of potassium in a loss of contractility of the intestinal smooth muscle of the guinea pig. 169.
CHEN, G., & GEILING, E.M.K. The effect of thiamine deficiency, quinidine, hyperthyroidism and hypothyroidism on the adenosinetriphosphate content and the adenosinetriphosphate activity of the heart muscle of rats. 169.
CHEN, G., GEILING, E.M.K., & REILLY, J. Electrocardiographic changes of rats, dogs and monkeys receiving toxic doses of plasmochin and the acid-labile phosphate content of the rat's myocardium. 170.
CHEN, G., & GEILING, E.M.K. The joint toxicity of atabrine and quinine, atabrine and plasmochin, quinine and plasmochin. 170.
CHEN, G., SCHUELER, F., & GEILING, E.M.K. The effect of adenosinetriphosphate on the isolated heart. 170.
CHEN, K.K., HARRIS, P.N., & ANDERSON, R.C. Antithyroid activity of 24 compounds. 170.
CHENOWETH, M.B., & GILMAN, A. Pharmacology of fluoracetate. 171.
CHILD, G.P., WOODBURY, R.A. [et al.] The irritability of the human uterus as affected by various drugs. 171.
CLARK, B.B., & SPITALNY, M. Prothrombinopenic activity of the salicylates and pharmacologically related drugs. 171.
COMROE, J.H., JR., TODD, J. [et al.] The effects of di-isopropyl fluorophosphate upon normal subjects and patients with myasthenia gravis. 172.
GRAVER, B.N., SEIP, P., & CAMERON, A. A simple method of recording uterine motility in vivo. 172.
GRESICITELLI, F., KOELLE, G.B., & GILMAN, A. Nerve conduction in the absence of cholinesterase activity induced by di-isopropyl fluorophosphate. 172.
DANOW, H.J., MATHIESON, D.R., & HAYS, H.W. Comparison of a chemical and a biological method for the assay of a purified digitalis preparation. 173.
DAVIS, J.E. The anemia produced by para-phenylene-diamine in dogs. 173.
DEBEER, E.J. A statistical examination of the sources of error in the assay of mydriatic drugs by means of the rabbit's pupil. 173.
DEEDS, F., & WILSON, R.H. The carcinogenic activity of 2-acetaminofluorene; effects of concentration and duration of exposure. 173.
DIETRICH, W.C., & BEUTNER, R. Failure of o- or p-mononitrophenol to produce cataract. 174.
DINGWELL, R.W., & BOYD, E.M. The absorption, distribution and elimination of different pharmaceutical forms of sulphadiazine. 174.
DRAIZE, J.H., ALVAREZ, E., & WHITESIDE, M.F. Toxicity and primary irritation of some chemical compounds following oral administration and skin application. 174.
DUBOIS, K.P. Biochemical studies on the toxicology of alpha-naphthylthiourea (ANTU). 174.
DEZEMIAN, A.J. The effects of body-gassing with metastar vapor on the carbohydrate metabolism of dogs. 175.
EAGLE, H., MAGNUSON, H.J., & FLEISCHMAN, R. 2,3 Dithiolpropanol ("BAL") as a specific detoxifying agent for arsenic. 175.

4
EARLE, D.P., JR., Cinchona alkaloids; physiological disposition of cinchonine metabolic products in man. 175.
EARLE, D.P., JR., KNOWLTON, P. [et al.] Pamaquin; occurrence of hemolytic anemias. 176.
ELLIS, F.W., & NEWSOME, J.F. The effect of certain new antihistamine drugs on bronchial spasm. 176.
EMERSON, G.A., EWING, P.L., & THOMAS, T.B. Effects of a bone marrow-spleen immune serum on the blood picture of mice. 176.
EMERSON, G.A., & SMITH, D.G. A comparison of the effects of streptomycin on the nutrition of the rat and the mouse. 177.
EMERSON, G.A., & HANSEN, E.L. Growth requirements of *Endameba histolytica*. 177.
EWING, P.L., & EMERSON, G.A. Effects of a bone marrow-spleen serum on *Trypanosoma equiperdum* infection in mice. 177.
PARAH, A., & KRAYER, O. The action of dimethyl amino-ethanol upon the heart-lung preparation of the dog. 177.
FELLOWS, E.J. The analgesic action of the racemates of 1-amino-1-phthalidylpropane hydrochloride. 178.
FELLOWS, J.K., & LUDUENA, F.P. Glucuronic acid excretion after various glycols. 178.
FITZGUGH, O.G. Production of cataracts in rats with beta tetralol. 178.
FULGHUM, D., FITZWATER, D., & GIBBS, O.S. The effect of xanthines and pituitrin on water loss. 178.
GELLHORN, A., & VAN DYKE, H.B. The tissue distribution and the excretion of antimony after administration of tervalent and quinquevalent antimonials. 178.
GIBBS, O.S., & FULGHUM, D. The diuretic-antidiuretic actions of posterior pituitary and sodium chloride. 179.
GOLD, H., & MODELL, W. [et al.] Comparison of cinchona alkaloids on the circus rate of the auricle in patients with auricular fibrillation. 179.
GOODMAN, L.S., SWINYARD, E.A., & TOMAN, J.E.P. Further studies on the anticonvulsant properties of tridione (3,5,5-trimethylloxazolidinedione). 179.
GOODMAN, L.S., SWINYARD, E.A., & TOMAN, J.E.P. Studies on the anticonvulsant properties of diphenylhydantoin. 180.
GOTH, A. The effect of cobalt on the antitubercular activity of aspergillia acid. 180.
GOVIER, W.M., GRELLIS, M.E. [et al.] The oxidation of tyramine in vitro. 180.
GRANT, R.L. Loss of potency of commercial insulin stored at room temperature. 181.
GRUBER, C.M., & KEYSER, G.F. The response of the isolated frog heart to different barbiturates. 181.
HAAG, H.B., WEATHERBY, J.H. [et al.] The effect on rats of daily-life span exposure to cigaret smoke. 181.
HANDLEY, C.A. The pharmacologic action of some derivatives of benzoylcholine. 181.
HARRIS, P.N., WAKIM, K.G., & CHEN, K.K. Effects of senecionine on the hamster and monkey. 182.
HART, E.R. The analgesic potency and acute toxicity of salicylamide and certain of its derivatives as compared with established analgesic-antipyretic drugs. 182.
(To be continued)

9. Cardiovascular System

Am. Heart J., 1946, 31: (May)
